

ActivWand

Include.

In the **ActivClassroom**, everyone—small, tall, same or different—can join the learning journey. ActivWand places inclusion within reach by putting a long, mouse-enabled pointer in the hands of those who most need it.

With its ergonomic handle and intuitive “click,” hover and rollover functions, ActivWand works just like a mouse and just like our ActivPen—just with a little more reach. Twenty-one inches of reach, to be exact. Enough for even the smallest learner to touch the top of the ActivBoard, plenty for differently-abled students to fully participate, and even adequate for seated teachers to control the board with ease.

The **ActivClassroom** by PROMETHEAN

ActivWand

DETAILS

Wire and battery-free—talks seamlessly to the ActivBoard with no awkward cables

Smooth, swift response—draw and write with no lag
